Subject: HOSA Happenings- 3/24/26- Program, forms, and colors

The countdown to SLC is ON. And with that, one of the most anticipated pieces of the conference is finally ready for you.

Your official SLC Program is live:

[2026 SLC Program](#)

This is your go-to guide for *everything* happening at SLC- competitive event schedules, workshops, sessions, activities, and all the details you'll want in one place. I highly recommend taking a few minutes to walk through it with your students so everyone feels confident and prepared walking in. Now... let's talk about one of my favorite reveals every year...

50th Anniversary Polo Colors

We're going all in on black and gold this year to celebrate 50 years of HOSA excellence:

- **Students:** Black polos with a gold logo
- **Advisors:** Gold polos with a black logo

It's going to look incredible across the conference—and a great visual way to honor this milestone year.

Important Location Update (Please Read Carefully)

All off-site competitive events will take place at:

Moore Norman Technology Center – Penn Campus

This is a change from previous years (we are *not* at the Franklin Road campus), so please make sure your students are aware and plan accordingly.

Required Forms (Must Have Onsite)

Every single attendee—students *and* adults—must have the following forms completed and accessible during the conference:

- Medical Liability Form
- Code of Conduct

These can be downloaded from: www.okhosa.com

You do **not** need to turn these in, but they must be with you and available if requested at any time.

We are so close, and I truly can't wait to see your students in action- competing, learning, connecting, and representing their programs so well. This conference is so much more than events, and this year especially, it's about celebrating the legacy and impact of HOSA over the last 50 years.

Let me know if you have any questions as you're preparing. I'm here to help.

Until next time,

Amy Warner, M.Ed

Oklahoma HOSA State Advisor
