**Attachments:** OSU Anatomage.pdf

I hope each of you had a warm, restful, and joy-filled Thanksgiving. This season always reminds me how grateful I am for the extraordinary work you do—championing students, building strong programs, and preparing future health professionals for the workforce our state desperately needs. I truly hope your holiday was filled with family, gratitude, and a little well-deserved rest.

As we return for the final stretch of the semester, I'm excited to share two important opportunities for your chapters.

### *Anatomage Tournament at OSU Center for Health Sciences – February 27, 2026*

We are thrilled to partner with Oklahoma State University Center for Health Sciences as they host an in-person Anatomage Tournament in Tulsa. Students will gain hands-on experience with Anatomage Table cadaver technology, participate in workshops, and compete for a chance to qualify for the National Anatomage Tournament.

You can view the full flyer here:

 OSU Anatomage Tournament Flyer is attached.

Event Date: February 27, 2026 – Tulsa, OK

Highlights include: registration, workshops, tournament rounds, finals, and awards.

This is a phenomenal opportunity for students interested in anatomy, collegiate pathways, and immersive hands-on learning at one of Oklahoma's medical schools.

### *NMDP (Be The Match) Incentives & Fundraising Updates*

NMDP has introduced several updates this year, expanding the ways chapters can earn points—and even *funds*—for their programs. Please share these with your chapter leaders:

What's New

1. Volunteer Hours Now Earn Points  
Hours must be submitted through the NMDP Volunteer Portal (not HATS).
2. Chapters Can Now Earn Funds  
After earning 1,000 points, chapters may apply to receive 10% of their total points back as funds.  
Fund request windows: fall and spring.

Ways to Earn Points

- \$1 raised = 1 point  
Must have a registered chapter team at [nmdp.org/hosachapters](http://nmdp.org/hosachapters)
- Fundraising app download = 20 points  
(Limit 1 per chapter per team captain)
- New registry member = 20 points  
Join Keyword must be used
- Pre-registration = 5 points per person  
Join Keyword must be used
- 1 hour of volunteer service = 1 point  
Must be logged in the NMDP Volunteer Portal

Please ensure your chapters are aware so they can maximize these opportunities.

Thank you, as always, for the passion and dedication you bring to your classrooms and programs. Your leadership continues to elevate Oklahoma HOSA in extraordinary ways.
