Subject: HOSA Happenings- 2/18/26- E-Magazine and Opportunities

We're kicking off 2026 with something special, and it's all about celebrating *you*, your students, and the incredible momentum we've already built this year.

Introducing the first Oklahoma HOSA E-Magazine of 2026!

Our newest E-Magazine highlights local chapters, alumni, and the many awesome events and experiences that have already shaped this year. It's a great snapshot of the impact happening across Oklahoma and a fun way to showcase HOSA pride with your students.

On-Demand Advisor Resources [On-Demand](#)

HOSA–Future Health Professionals offers on-demand lessons designed specifically for advisors who want to connect HOSA competitive events, career pathways, and HOSA activities directly to classroom instruction.

Originally created in response to the COVID-19 pandemic, these resources have grown into an excellent long-term tool for health and biomedical science instructors. The on-demand page includes:

- Classroom activities and lesson plans
- Alumni career spotlights
- Video lessons and website links
- Guidance on matching students with the right competitive events
- Engagement strategies to strengthen chapter involvement

These resources support both advisors and members and are easy to integrate into daily instruction.

Webinars [Webinar](#)

Don't miss out on HOSA's webinars! Visit the webinar page to register for upcoming sessions and access recordings of past webinars. We've already hosted several great webinars for the 2025–2026 year, covering a wide variety of timely and relevant topics.

Podcast [Podcast](#)

HOSA Podcasts feature interviews with health industry leaders and discussions centered on healthcare, leadership, and professional growth. These are great conversation starters for class or chapter meetings—and perfect for students exploring future careers. Be sure to watch the feature on Oklahoma's own Dr. Aamr Hasanje! He began his journey in Oklahoma HOSA as a local and state officer, then went on to become a national officer and is now on the HOSA Inc. Board of Directors!

HOSA Advisor Development Program- [HOSA Advisor Development Program](#)

The HOSA Advisor Development Program is a powerful way to sharpen your leadership skills and gain practical strategies you can use right away in your chapter.

Each short, focused video is designed to make your role easier, more effective, and more rewarding. By investing just a little time in your own growth, you'll be better equipped to guide students toward meaningful experiences and long-term success.

HOSA Member Development Program- [HOSA Member Development Program](#)

The HOSA Member Development Program gives students practical tools to grow as leaders, teammates, and future health professionals.

Each lesson is short, engaging, and packed with real-world skills students can apply in competitions, chapter activities, and everyday life. Advisors can easily use these as ready-made classroom activities that reinforce professionalism, communication, and goal setting—helping members get even more out of their HOSA experience.

Rubin Dream Job Webinars

AI Specialist in Healthcare

 Wednesday, February 18 | 11:00–11:30 AM ET

 Special Guest: *Dr. Michael P. Goldsmith, MD*

Associate Professor of Clinical Anesthesiology and Critical Care, Children's Hospital of Philadelphia
Dr. Goldsmith is a leader in using AI to replicate the intuition of doctors and nurses, developing deeper insights to treat complex and critically ill patients.

Spring Virtual Pharmacy School Fair

Not sure which healthcare career is right for you? Pharmacy might be one you haven't thought about yet—but it could be a perfect fit.

Join the American Association of Colleges of Pharmacy for the Spring Virtual Pharmacy School Fair on April 14 & 15. From home, students can:

- Meet pharmacy schools from across the country
- Connect with student resource providers and employers
- Hear from pharmacists, pharmacy students, and admissions experts
- Attend workshops exploring the wide range of pharmacy careers
- Ask questions and get advice about future pathways

If students are interested in healthcare, science, helping others, or making a real difference, this event is a great opportunity to explore a rewarding career option.
