**Subject:** HOSA Happenings- 3/27/26- Updates and a moment to support one of our own

There's a lot of momentum building as we head toward SLC, so here are a few quick updates to keep you in the loop:

The Stop the Bleed Certification training has officially filled and is now closed. If additional spots open, I will absolutely let you know right away.

Please continue signing up your chapter delegate for the Parade of Chapters during Monday evening's Opening Session. This will be such a meaningful moment of representation for your students.

As we celebrate 50 years of HOSA, I would love your help with a throwback slideshow! If you have any old HOSA photos you'd like considered, please email them my way. I can't wait to see the memories you all have tucked away.

We are down to just 3 remaining spots for Event Managers and Section Leaders. If you haven't signed up yet, now is the time:

<https://signup.com/go/THoxoTQ>

Our industry partners have stepped up in a big way for judging (which is incredible!), but we still need additional support. Please sign up to judge only events where you do NOT have students competing:

<https://signup.com/go/eKbOnfd>

Every advisor- yes, even our brand new ones- need to serve in a role. If you're not signed up, there's a very good chance you'll get a personal message to help fill a need... so go ahead and grab the one you want and save Peighton a little time 😊

And lastly, I want to ask you to pause for a moment and lift up one of our own. Amanda Longan, who so many of you know and love, recently lost her home in a fire. Amanda is an incredible educator, a steady presence in HOSA, and someone who pours so much into her students. She is hurting, and while I know she would never ask for attention, she absolutely deserves to be surrounded by the same love and support she so freely gives to others. Please keep her in your thoughts and prayers in the days ahead.

Thank you all for everything you're doing to make this conference so impactful. We're almost there- and it's going to be something really special.

Until next time,

*Amy Warner, M.Ed*
