Subject: HOSA Happenings- 12/11/25- State Officer Internship Program

There's nothing more exciting than watching new leaders rise—and today, we're launching an opportunity designed exactly for that. I'm thrilled to introduce our brand-new Oklahoma HOSA State Officer Internship Program, created to help students with leadership potential step boldly into a meaningful, hands-on leadership experience.

This internship gives students the chance to work alongside our current State Officer Team while building skills in communication, teamwork, professionalism, and service. Interns will make valuable contributions throughout the year and gain insight into the leadership roles that help shape Oklahoma HOSA. Students will have the opportunity to join one of five internship teams, each focused on a different area of statewide impact. All internship teams will play essential roles in supporting our major HOSA events. On the application, students will rank their areas of interest, helping us match them to the team where they will thrive if chosen to be an intern. Decisions will be announced at the end of January.

Your observations of students matter to us, so be ready for these candidates to ask you for letters of recommendation. These letters must be emailed directly to amy.warner@careertech.ok.gov and **not** given to the student directly to encourage transparency.

Application Deadline:

🕒 5:00 PM on January 14

Applications received after the deadline will be disqualified.

Apply Here:

Please share this opportunity with students who are ready for the next step in their leadership journey—we can't wait to see which rising stars step forward.

Until next time,

Amy Warner, M.Ed
