**Subject:** HOSA Happenings- 3/12/26- Round 2 Advancement Lists

As promised- the Round 2 advancements lists have been provided to advisors

Lists are combined to include all divisions (MS/SS/PS).

As we release the Round 2 advancement list, I want to take a moment to recognize every student who prepared for a competitive event this year. The process of studying, practicing skills, and stepping up to compete is an accomplishment in itself. Even if a student's name is not on the advancement list, the effort they invested represents growth in knowledge, professionalism, and confidence- skills that matter far beyond one competition.

It's also important to remember that the State Leadership Conference is so much more than competitive events. SLC is a time for students to build leadership skills, attend hands-on workshops, meet peers from across the state, and connect with the future of healthcare. Whether competing, learning, or networking, every student who attends is gaining an experience that will shape their journey as a future health professional.

We are proud of every Oklahoma HOSA member who had the courage to compete.

Until next time,

*Amy Warner, M.Ed*
