Subject: HOSA Happenings- 3/4/26- Event Management Sign Up

Great things are coming together as we prepare for the Oklahoma HOSA State Leadership Conference, and I am so grateful for the enthusiasm so many of you have already shown in volunteering to help. Your willingness to step in and serve our students truly makes this event possible.

I wanted to offer a quick clarification regarding the volunteer sign-up links that are currently circulating. Our goal this year is to increase industry partner involvement in our competitive events by having more healthcare professionals serve as judges. Because of that, the judge sign-up form that is currently circulating is intended for industry partners at this time. Don't forget to send me names of industry partners already connected to your chapters so we can reach out to them as potential judges.

If we are not able to fill all judging roles with industry professionals, we will absolutely open those opportunities to instructors later. For now, advisors and instructors who would like to help are encouraged to sign up to serve as Event Managers or Section Leaders using the link below:

<https://signup.com/go/THoxoTQ>

These roles are incredibly important to the success of the conference and help ensure that events run smoothly for our students. If you happened to sign up on the judge form already, no worries at all. As we work to prioritize industry judges, some instructor names may be removed from that list and replaced with partners if needed. If judging spots remain available later, we will gladly reach back out.

Thank you again for the many ways you support Oklahoma HOSA and the future health professionals we serve. I truly appreciate your flexibility and your commitment to making this conference a meaningful experience for our students. Remind students not to wait until the last minute to submit their digital uploads Friday at 5:00 will be here before we know it!

Grateful for each of you,

Until next time,

Amy Warner, M.Ed
